

EMERGENCY EVACUATION PROCEDURE

In the event that the campsite needs to be evacuated, **three loud blasts of a whistle, followed by a short break, then another three loud blasts** will be sounded.

The designated **emergency evacuation meeting area** is the **Tennis Court**, unless the camp managers, in conjunction with the camp leader, determine a more suitable location.

The **camp leader** is responsible for bringing the camper attendance list and conducting a roll call to ensure all campers are accounted for.
